'Thank you for making this day interesting and further sparking my interest in medicine as a career! :)'

Attendee

'Thank you so much for setting this up, it was really enjoyable and informative. I am very grateful to have gotten the chance to hear from such a wide array of doctors and I believe this will help me in my future applications to medical school!'

Attendee

'Huge thank you for allowing me to complete this work experience, it was such a useful insight into the career! This has definitely helped me prepare for medical school as well as any upcoming interviews I may have.'

Attendee

'A really valuable day for finding out more about specific specialties, and about how we would be studying and working practically in order to become a doctor. Thank you!'
