

WORK EXPERIENCE WITH WESSEX WATER

Two unique week-long immersive programmes giving a fantastic opportunity to explore the inner workings of your local water company.

Whether you're interested in engineering and construction, science and lab work or the corporate business side of Wessex Water, one of our programmes is likely to suit you. During your work experience you will learn about a variety of areas within Wessex Water, and see how we run and manage a water supply and sewerage company.

We currently offer three work experience pathways:

Engineering and construction

Corporate business

Labs

"At Wessex Water we know that a good work experience programme can build our talent of the future. Explaining how our business works is central to attracting young people to our apprenticeships and industry"
